NJDEP Analytical Technical Guidance Implementation

Updated: October 29, 2014

Integrated Analytical Laboratories (IAL) is pleased to notify you that as of October 29, 2014 we have fully implemented the NJDEP Analytical Technical Guidance. This collection of guidance documents were released on April 29, 2014 with a 6 month phase-in period ending October 29, 2014.

The new guidance document collection includes:

- Analytical Laboratory Data Generation, Assessment and Usability Technical Guidance
- Data of Known Quality Protocols (DKQP) Technical Guidance
- Data Quality Assessment (DQA) and Data Usability Evaluation (DUE) Technical Guidance
- Quality Assurance Project Plan (QAPP) Technical Guidance

These documents may be found at:

http://www.state.nj.us/dep/srp/guidance/#analytic_methods

The major changes are intended to:

- Eliminate inconsistencies between labs
- Ensure data are useable as related to specific sites
- Better understand the impact of QC on data usability

IAL will be offering the following services to help with the use of this new guidance:

- Concise summaries and guides of key points and QAPP essentials, which are available upon request by e-mailing your sales representative or help@ialonline.com
- Technical memos to clarify essential elements of QA/QC
- NJ Data Deliverables (Reduced & Full/Regulatory) will contain the NJDEP Conformance/Non-Conformance Summary Questionnaire and related case narratives

Please contact your sales representative to learn more about our capabilities, experience and certifications. Thank you for your continued use of IAL's services.
